

The Most Convenient Solution for Customer Deliveries at Universities, Corporations and Other Locations

How do you make it easier for people to pick up packages on their schedule? How do you handle unsuccessful, misplaced and unaccountable deliveries?

Packcity Intelligent Parcel Lockers are an automated electronic locker system that securely stores packages for easy consumer retrieval. They save time and money, providing a convenient and valuable service to residents and consumers.

Benefits of Packcity Parcel Lockers:

- Total security of packages and risk reduction of lost packages
- Complete tracking and accountability with a log of every package drop off and pick up - 100% chain of custody
- Reduction of labor and time with fewer resources required to deliver packages to lockers only and not having to drop off at every desk, station, etc. Labor savings can justify cost of system
- Eliminates the need for multiple deliveries and re-delivery attempts
- Signature no longer required, electronic log record alleviates this
- 24/7 convenient access for parcel pick up
- Your choice of email or text notification to receive passcode

Package drop off and retrieval in three easy steps:

- 1 Place package into the locker. Recipient receives notification of delivery via email/SMS.

- 2 Recipient enters one-time PIN code.

- 3 Door opens for package retrieval.
