

EASY-TO-USE SOLUTION

FOR FOLDING APPLICATIONS

HF60

**ACCURATE, FLEXIBLE AND OPERATOR FRIENDLY**

The Hasler HF60 Document Folder is an easy-to-use solution for virtually all folding applications. Fast and dependable, it offers six popular, clearly marked folds for quick set-up and operation. Simply slide the fold stop to the desired fold, adjust stacker wheels, and go. Easy adjustments can be made to process a variety of precision folds.

There's no need to keep watch over this versatile folder. Load up to 500 sheets in the hopper, select pre-marked fold type, press the start button and walk away to attend to other important tasks. The HF60 will quickly fold the documents and hold up to 500 finished pieces on its telescoping outfeed stacker until they are retrieved. The Daily Mail Mode feeder allows the HF60 to fold up to four sheets – stapled or unstapled – in a single pass through the dedicated drop-in feed system. This system has its own self-centering side guides and skew adjustment to ensure that paper is loaded and feeds squarely into the folder.

The HF60 can process paper up to 18" in length and 12.25" in width, giving it the flexibility to fold a variety of paper sizes. This ability to customize jobs allows operators to fold in virtually any configuration requiring two folds. Cross folding adds to the HF60's versatility, allowing additional folds in a second pass for large documents and newsletters.

The simplicity and value of the HF60 make it an ideal solution for any church, school or small business that is cost conscious but requires the easy operation, versatility and dependability of a more expensive folder.

HASLER
America's better choice.®

A SUITE OF VALUE-ADDED PRODUCTS AND SERVICES THAT COMPLETE YOUR TOTAL MAILING SOLUTION

Today's fast-paced business environment requires your mailing operations to be as efficient as the rest of your business. More than ever, you need a total solution that provides the capabilities to meet all your demands, while giving you control and transparency of every mail-related function.

The HF60 Document Folder will dramatically increase office efficiency by allowing you to operate at peak performance. And to truly maximize automation of your mailing process, consider integrating a powerful Hasler address printer, high-speed tabber, or a digital mailing system into your operation. Each of these products will add processing speed, enhanced performance and a professional appearance to your mail.

Hasler has the total mailing solution to meet all your important processing needs, today and as you change and grow in the future.
