

DS-6KPS

Pressure Sealer

Product Overview

- Ideal mid-volume solution for processing one-piece, pressure-sensitive mailers
- Drop-in top feed system produces dependable feeding of forms with no paper fanning required
- Flexibility to process forms up to 14" in length at speeds up to 100 forms per minute
- LED indicators notifies the operator when the power is on, cover open and paper runs out
- Fold types include Z, C, uneven Z and C, half and custom folds
- Easy-adjust pre-marked fold plates makes changing fold type or form size quick and easy

Options:

18" conveyor with photo eye allows for neat and sequential stacking of processed forms

Locking cabinet fully enclosed for storage

Paper jogger reduces static electricity and aligns forms for proper feeding

System Dimensions

Height x Width x Depth 13" x 17" x 24"

Weight 82 lbs.

Power 120 Volts AC 50/60Hz

Certifications UL, CE, CUL approved

Specifications

Hopper capacity Up to 200 sheets 20#

Fixed speed Up to 6,000 sheets per hour based on 11" Z fold

Paper size Up to 8.5" W x 14" L

Document sequence A-to-Z input, Z-to-A output

Combined with a laser printer and pressure seal forms, the DS-6KPS creates a secure, timesaving and efficient solution for paper processing
